4 February 2015

2015 Computational and Algorithmic Thinking Competition (CAT)

Dear Parent/Caregiver

Your child has expressed an interest in taking part in the 2015 Computational and Algorithmic Thinking Competition (CAT), formerly known as the Australian Informatics Competition.

The CAT is a one-hour problem-solving competition which seeks to identify computer programming potential; something which students might not normally have an opportunity to demonstrate.

There are three papers. A junior paper for students in Year 8, an intermediate paper for students in Years 9 and 10 and a senior paper for students in Years 11 and 12.

DATE AND ENTRY FEE

- The competition date is Tuesday 24 March 2014
- The entry fee is $6.00 incl GST per student

Please return the section below with payment to the pay station ASAP. The school will then register each student for the competition. Registrations close on Thursday 19 February.

Visit the Australian Mathematics Trust website amt.edu.au/events.html for further information and amt.edu.au/informatics/cat/ for sample questions.

Yours sincerely

Jade Clifford          Panayoula Parha
Mathematics coordinator       Principal

2014 Computational and Algorithmic Thinking Competition

Please return the section below with payment to the pay station ASAP

I give consent for my student ____________________________PLG ______________ to participate in the Computational and Algorithmic Thinking Competition at The Norwood Morialta High School Middle Campus on Tuesday 24 March 2014. I have enclosed the competition entry fee of $6.00
